1. Where love writes the music,
the air is filled with song;
and those who hear the love-beat
are called to sing along.
The Father, Son and Spirit
are doing what they do.
Let's resonate,
participate,
until we're singing too.

2. Where love sets the dance-steps,
a movement's taking birth:
a joining hands together
of heaven and the earth.
The Father, Son and Spirit
are doing what they do.
Let's resonate,
participate,
until we're dancing too.

3. Where love starts the rhythm,
it echoes through the land;
inviting all the people
to come and join the band.
The Father, Son and Spirit
are doing what they do.
Let's resonate,
participate,
until we're playing too.
